DEFINITIONS AND SPECIAL INSTRUCTIONS

1. Scope of survey

Knit fabric — This report form is designed to collect information on production of knit fabric off the knitting machine, whether as yard goods, circular sweater-strip, or full-fashioned garment sections. Include all fabric produced by this establishment, whether for sale as piece goods, for your own use in garment making, or on commission for others.

Fabric produced on commission should be reported by the commission mill, not by the company owning the yarn.

2. Units of measure

Report in the unit of measure specified for each item.

3. Estimating procedures

If your book records do not contain the information we request, estimates are acceptable. Use percentage estimates or any other method which will provide reasonable estimates, but do not report percentages.

4. Who should report

Manufacturers producing knit fabric and/or knit garments (including those cut from their own fabric, or produced on circular sweater-strip or full-fashioning machines) from yarn they own.

Contractors or commission knitters making knit fabric and/or garments (including those cut from their own fabric, or produced on circular sweater-strip or full fashioning machines) from yarn owned by others.

If you operate as a manufacturer and a jobber/converter, report only that portion of your output which you actually manufacture.

If you knit fabric or garments from both yarn you own and from yarn owned by others, report your total fabric output from both.

Include only knit yard goods and knit garment fabric produced within the 50 states of the United States. Do not include fabrics made in Puerto Rico, Virgin Islands, etc.

5. Who should not report

Jobber or converter — Do not report if others work on materials owned by you and you do not produce any

knit fabric at this establishment. Indicate the appropriate description of your activity on your report form. List the major contractor who works for you in the "Remarks" section and RETURN THE REPORT.

Wholesalers or importers — Buying and reselling. Indicate the appropriate description of your activity in the "Remarks" section and RETURN THE REPORT.

6. Definitions

COTTON FABRICS — Wholly or chiefly by weight of cotton.

WOOL FABRICS — Fabrics that are 36% or more by weight wool should be classified as wool.

MANMADE FIBER FABRICS — Wholly or chiefly by weight of manmade fiber.

ALL OTHER FIBERS — Wholly or chiefly by weight of silk or vegetable fiber other than cotton.

BLENDS AND MIXTURES — Blends and mixtures which are by weight 50% manmade fiber and 50% natural fiber should be classified as manmade.

MACHINES OPERATING ON LAST WORKING DAY OF THE YEAR — This number represents the number of machines operating on the last full working day of the year. For example, if your plant was shut down during the last week of December, this number would represent those machines operating on the last full working day prior to the shut down.

SPECIAL INSTRUCTIONS**REPORT**

Column 1 — Number of knitting machines operating on last working day of the year

Column 2 — Total knit fabric production

Production of knit cloth off the knitting machine by you or produced by you for others from their materials. This survey includes commission knitters but excludes the knit fabric jobber or converter.

- Quantity of knit cloth produced and consumed in the same plant, regardless of whether finished by you.
- If an establishment knits and finishes cloth at the same location, report only the fabric produced off the knitting machines.

DEFINITIONS AND SPECIAL INSTRUCTIONS — Continued

- If an establishment transfers knit fabric to another plant of the same company for commission finishing or cutting into a garment, the production of knit fabric as it comes off the knitting machine should be reported.
- In reporting the distribution data, the following definitions should be used:
 - Column 3 — For own use
 - For cutting, cutting and sewing, or further fabricating in this plant.
 - Column 4 — For sale
 - For sale to plants of your company for finishing, and to other firms or plants not affiliated with your company.
 - Column 5 — On commission
 - Making knit fabric from yarns owned by others.

DO NOT REPORT

- Knit cloth including interplant transfers, purchased by you or knit for your account by others.
- Knit cloth made for you by a commission knitter or contractor from your materials.
- Quantities of knit cloth produced by you or for your account outside the 50 states of the United States.
- Quantities of knit cloth bought and resold without further processing.
- Finished knit cloth.

DO NOT COMBINE lines or codes.
